PULSAR– Lyrics

MOONDARQUE • moondarque.com

I 4got..
4got how it felt, how it feels..
I remember why I wanted 2 4get

Bcause this means life
While I'm trying 2 die slowly
Not feeling the love, the pain
Why should I learn about being alive
When no time is left
So unspeakably old

Why I wanna live so badly
Why I wanna feel U, drink U, B U
Fall in2 U
Falling
This time there's no return, I know

> *[Refrain]*
> Burning
> Lighter than light
> Larger than universe
> Pulsar
> The light B4 the darkness

Words never could describe how much it hurts
While I'm smiling 2 not make U sad
Why do I have to find life, love
Where's nothing else but ruin
Why do I have 2 burn so hot, so fast
That I know it won't last

> *[Refrain]*
> Burning
> Lighter than light
> Larger than universe
> Pulsar
> The light B4 the darkness

Why don't U call?
I wanna hear U whisper my name in2 my ear
I wanna die with U in me
Once 2gether like we always should have been

Let me go as heroes go
While my last thought is exploding light

> *[Refrain]*
> Burning
> Lighter than light
> Larger than universe
> Pulsar
> The light B4 the darkness

> Dying
> Lighter than light
> Larger than universe
> Pulsar
