THE WOLF AND THE RAVEN – Lyrics

MOONDARQUE • moondarque.com

Beware of the Raven
There at the crossroads

Choose your path … and yet, choose
There is no neutrality
Neutrality is an illusion
Even silence picks a side

> The Wolf and the Raven, connected as one
> Run Wolf, don't stop
> Never stop
> Meant as a warning to 2 U
> There at the crossroads
> The Wolf and the Raven, connected as one
> Run Wolf, don't stop
> Run
> Never stop

Don't look back
Leave the past behind
Honor, pride, truthfulness
Long forgotten words
Stand your ground
Even if swords must cross
Hear the Raven's caw
Meant as a warning 2 U
